FROM THE MASTER

It is important to begin this week’s Update by offering a huge thanks to the staff and students that helped to bring to fruition the inaugural Albies Sporto’s Lunch. In particular, I offer special thanks to Tenellee Basson and Alec Rainnie for all their efforts in creating such a special event. It was also wonderful to acknowledge some of the key contributors to our College sporting experience, none more worthy than our staff member Peter McGarry, and his wife Jenny, who spend countless hour supporting the sporting endeavours of our student body.

I believe that the simple message offered by our guest speaker Mr Steven Bradbury, in his unique and entertaining way, titled, ‘Never Give Up,’ relates very well to our students at this busy time of the trimester, with tests and assessments mounting up. I wish each of our students the best of luck in the busy time and remind you to, ‘Never Give Up,’ as you’ll be amazed what can be achieved when this attitude is taken intrinsically.

Our Dean, Mick McGuiggan and I will be heading to Melbourne in coming days to join other leaders of Catholic Colleges at Monash University to discuss College culture and public perception. I look forward to reporting on this trip next week, although it goes without saying, yet again, that I can proudly boast that we have a positive culture here, thanks to the ongoing efforts of our leadership team amongst our student body.

Finally, last week we farewelled Peter Hopwood, our Chef Manager of 23 years, as he embarks on his retirement. It would be remiss of me not to thank Peter for his passion and professionalism that were traits that he was renowned for during his many years of outstanding service. I speak on behalf of the College when I say that we wish Peter every success and happiness in his future endeavours.

Jas Lincoln

FROM THE DEAN

With only three weeks left of this term, it’s fair to say that this year is going very fast. Most students are hitting that dreaded time where academic accountabilities become apparent and assignments are due. It is imperative that we all remember that there are support structures available and it is always beneficial to be proactive rather than reactive. The Academic team have a range of tutorials organised, as well as the weekly Nerd night in the dining hall. I urge all students to make the most of these opportunities, particularly those who were disappointed with their trimester 1 results. Please come and see me at any time if you have any questions surrounding academic support. This Friday is the last time a student can withdraw from a unit without HECS liability penalty. Please ask your academic advisor for more information about this.

I would also like to take this opportunity to thank all students for their support of our inaugural Sporto’s luncheon on Sunday. It was a great event and an opportunity to showcase some sporting achievements, as well as recognise dedication and commitment to college sport. Congratulations to all award recipients and thankyou to our club presidents who doing an outstanding job in facilitating sport here at Albies.

With thanks as always,
Mick McGuiggan
With Albies week taking its toll on the majority of the college, there was a sense of rest and rejuvenation needed. The C Block Ball was a great success, we saw an array of Vinnies formal and came to the conclusion that Ted isn’t the most fun Pay of the family and “Keady” continuing his antics on to another block. With the Sporto’s Luncheon the perfect excuse to gather on a Sunday, we heard that if Stephen Bradbury can win gold then “KnIGHTY” can pass all of his units. All in all the first Sporto’s luncheon is definitely not the last as there were nothing but great reports. Now the college social life sets it’s eyes on the future, with year outings this Thursday, a formal dinner and the Albies wedding to end out a great term three.

Fred

**Academic Report**

It has been great to see the utilisation of the dining hall during the day and evening for the past week as everyone knuckles down for the term. With Nerd Night and tutorials back in full swing this week, a special mention to the team of Academic Advisors and to Mick for their hard work in following up the academic accountability of our students, to ensure that they are progressing in the right direction within their course. This Sunday is the final day for Trimester 2 to withdraw from units without incurring a HECs debt. If you are unsure about your current unit enrolment and feel like that this might apply to you I urge you to contact me or any of the AAs about your options. Have a great week!

**LET’S TALK WITH LOUISE**

Hi all,

Ever find yourself changing your plans to suit the needs of others? Attending a function that you really didn’t want to as a favour to a friend? Handing in assessments late as a friend was having another crisis? I think many of us have experienced this from time to time. What are boundaries and do you have them? Boundaries are healthy limits we set between ourselves and other people. Setting good boundaries can be hard. If you’d like to know more come and have a chat.

I’m at college Monday, Wednesday and Thursday (12.00-3.30pm). I can be contacted on 6738 7200 or via email: Lcarstairs@centacareenw.com.au

I hope you all have a great week.

Lou
We were unable to field teams on Sunday due to the Albies Inaugural Sporto’s Luncheon, leaving no time to be in two places at once. This meant that both our Ladies’ Badminton team and Men’s Volleyball team were unable to compete in their respective competitions. With cross country coming up this Sunday our runners will be looking forward to the event, even with finals for rugby and netball coming in hot. As there are only three more events left in the MB and PT schedule, the finish we were aiming for is sadly out of reach, but Elijah, Kaiti, Grace and myself would like to thank everyone for their efforts throughout the year and for the few events to come.

Albies Hockey Club Report

On Saturday Albies took on Guyra at SportUNE. With the return of our coach and Sam Petty rejoining the team after returning from injury, the girls had a strong game against a tough opposition. Early on Albies dominated possession and had Guyra on the back foot, however couldn’t capitalise. Guyra managed to clear the ball from the Albies attack and ran in quickly down the field. The fullbacks and halves were able to hold Guyra out but they managed to find the goal in the latter part of the first half. Albies were still unable to score in the first half, and went into the break down 1-0. The second half saw moments of brilliance from the girls, with Mikaela having a great game at centre half. The score remained unchanged at full time with the Albies girls suffering a narrow defeat.

Peta Bradley
Albies Netball Club Report

Team: B Yellow

Coaches: Kat Young Pete Brooker & Will Clark-Dickson

Captain: Georgia Devnish

This week saw B Yellow face off against Mary White, although going down 27-25, the small point difference proved how competitive the game was. The game started very strong with centre courts Catie Ledingham and Katie McGregor putting in a huge attacking effort. Georgia Peatfield played a great game in WD and was voted players player by the team. Tianna Schiller and Grace Hopkins worked the attacking circle well, both making some very difficult shots. B Yellow’s defense was also incredibly tight with Sam Petty pulling off some incredible intercepts in the defensive circle, allowing the team to keep the game close. Despite the cold windy weather, all the girls put in 110% working well as a team and kept fighting up until the end.

Albies Rugby Club Report

Saturday marked the end of the 2016 regular season in the New England Zone, with Albies tackling Barbarians in 3 games and Wright College in the other. The fixture between Albies IV and Wright College was always going to be a hotly contested battle, with both teams having no chance of making the 3rd grade finals, but eager to end the season on a high. Half-time saw the game locked up at 0-0, with the full time score 5-3 to Wright College. Albies then faced the wind and the mud of Alcatraz, where three games against Barbarians went right down to the wire. Sitting 4th on the table and ready to rumble against 1st placed Barbarians were the Albies 3rd grade side, who showed just how close the competition is, pulling off a 22-19 win against the minor premiers.

Next match saw a fired up Barbarians side with nothing to lose stick it to the Albies Second grade outfit, who hung on to a slim 18-17 score line to take the spoils. The First grade fixture was a showdown between 1st and 2nd on the ladder, with Albies having already sealed the minor premiership, the Barbarians were out to spoil the party. The Albies set piece and forward pack proved too clinical for the barbarians side, with the match finishing 22-20 to Albies.

The women’s side was also out and about on Saturday, playing against a Barbettes side and showing they are going to be a force in the finals series.

Next week sees Albies hosting the Major Semi Final on the Saturday. For more information on Saturday’s timetable, please visit our Facebook page: www.facebook.com/albiesrugby
